### About the EILC

The Erasmus Intensive Language Courses (EILC) are specialized courses in less widely used and less taught languages organized in the countries where these languages are spoken. The EILC are addressed to students who have been selected for an Erasmus study or placement period. Comenius and Grundtvig Assistants may also participate, provided that there is a surplus of places in a course. Participants are not charged a study fee for participating in the EILC. However, some fees may be charged for the cultural activities. This year (2013-14) the EILC will take place for the last time under the Lifelong Learning Program (LLP).
